Annual Volumes of Ordinances 1975-1980

Prepared annually, each volume contains the legislation enacted by the Commissioner of the Northwest Territories in Council during the applicable year.

The revised Ordinances 1974, which were brought into force June 1, 1975, do not contain the Ordinances enacted during the First and Second Sessions of Council in 1975. In order to avoid the duplication of an annual volume and a Supplement to the Revised Ordinances, 1974, the 1975 volume has been designed to function as both. Changes necessitated by the revision that would otherwise be a part of a supplementary volume have been added editorially in bold face type within square brackets.
